## MULTI - PURPOSE FEEDER AND GROUPEUR

### Standard Features

Long Auger 6" Diameter, Height 3.300 & reach 2.500 / Honda Motor with Electric Door for trail feeding (*controlled from cab*) / Electric Brakes & Lights  
50mm Axles / Split Division in main bin / Additive box

- \* The Multi Purpose Feeder & Grouper comes in two sizes, 60 Bag and 48 Bag.
- \* The 60 Bag holds 5 cubic meters and stands 2.3 meters high.
- \* The 48 Bag holds 4 cubic metres and stands 2 metres high.
- \* Interchangeable Long & Short Augers available with both units.
- \* The 60 Bag has a split division 60/40.
- \* The 48 Bag has a split division 50/50.
- \* The Additive box allows 3 items to go through the Auger at once.
- \* The Long Auger allows easy filling of Combines, Air Seeders & Feed Bins.
- \* The Short Auger is ideal for filling Feed Bins.
- \* The Electric Door (controlled from cab) when used for trail feeding can have two grains mixing as it pours out onto the ground without using the motor.
- \* This unit eliminates the need for a truck.
- \* Ideal for Lot Feeding.
